CCI Website Issues need to be fixed:

Landing Page: -

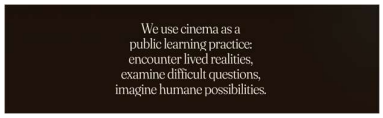

1. Logo and name in the header.
2. "Transparency Report" is missing from the header menu.
3. 

    a. SCENE 02 — HOW WE CREATE IMPACT
    b. From watching stories to creating change.
    c. Each CCI programme is designed to inspire dialogue, assist the young creators, and enable communities to tell important stories. Every initiative is rooted in the belief that meaningful stories can strengthen communities and shape a more conscious society.
    d. Community Screenings
    Collaborative Productions
    Young Filmmakers
    Community Dialogue
4. SCENE 11 — IN THEIR WORDS
    a. Change the style: Display a row of at least five testimonial cards. Allow users to click left or right arrows to view the testimonials, or automate them so they automatically cycle to the next testimonial in the same style.
    b. Also, can you fetch the testimonials directly from Google?
    c. Change partners to institutions, as we already have another section where collaborators' testimonials are visible.
5. Latest from Instagram:
    a. Is it possible to fetch a limited number of reels only instead of showing the complete page?
    b. Follow Us @consciouscinemaa
6. 
    a. Divide the Explore Section into two columns. It will save the unused space in the footer.
    b. What are these icons under the contact information? Use the relevant icons and activate them.
7. Keep only one: Scene 9 or Scene 6. (I would prefer Scene 6, only if we can use the work image of the person posting it.

**About Us: -**

1. Our Mission: To harness the power of cinema to inspire awareness, educate minds, strengthen communities, empower filmmakers, and drive meaningful social change.

**Why Cinema: -**

1. I had asked you to remove this completely: 

2. Will there be buttons to move next/previous if we add more: 

**Impact: -**

1. Remove this whole section from here and add the transparency page in the menu.

2. On the map: Add the same map that is in the community along with the “On the map” section.
3. Change the testimonial to the same as mentioned in home page corrections.

**Catalogue: -**

1. Use the creative or images that show the movie information and correct the categories as per CCI’s work interest.
2. All the movies should not be listed as the current cards initially visible and stacking up at the bottom.
3. Limit the number of cards visible initially. If the person searches for the movie by Name/Category/Audience/Language/Theme, then the cards beyond the limit should be visible.
4. Always, the most recently added movie card should be on top and visible.
5. Align the search field with the title above it like others “Search Films” and inside the field “By Name”. 

**Activities and Events: -**

1. Is it possible to put a specific selector option at the top with a drop-down containing the list of cities PAN INDIA so that the user can view shows city-wise.

**Community: -**

1. Across India: - Stories connecting communities across India.
   Discover CCI chapters, volunteers, screening locations, bringing the power of cinema to communities nationwide.
2. There should be a visible cursor whenever we move it inside the map.
3. Instead of giving the list on the side, give it underneath the map.
4. It needs to be a small card containing the member’s Image, Name, type of membership, and location.
5. This should work the same as it is working right now; when we click on the dot, we can see.
6. Remove the contact button  .
7. This complete information should be added to the form we are going to add to the website to join CCI. Once it is approved, an email with the ID Card format should be sent to the member, and the member should be added to this list along with the mentioned data.
8. Add an option to search & fetch the member’s list as per name/membership type/city/year, as discussed last time over the call after the Google Meet.
9. Mentors & contributors: Reduce the size a bit and keep 5 in a row.
10. Social: Please follow correction number 5 on the landing page.

**Support: -**

1. Pledge support:
    a. Change the “Select” to “Support”.
    b. The pledge form should open inside the pledge support section or underneath that. But the section should be visible, and the pledge form will appear here on this page.”
    c. Add a bold and promotional line at the end, but inside this section heading “Support the mission beyond a single cause” and sentence “If you'd prefer a **general financial contribution** helps sustain every initiative that advances CCI's vision of a more conscious society through cinema.”
    d. Button: “Direct Contribution”; this button will take the user to a page where they can make an unrestricted amount of donation.
2. Beyond giving:
    a. “Support a filmmaker”; change this to “Empower an Emerging Filmmaker”
    b. “Build film-literacy access”; change this to “Create Future Changemakers” with the information underneath as “Join CCI as a mentor, trainer, industry expert, or volunteer, and help young minds discover the power of storytelling and conscious cinema.”
3. 

Give a small 1-3 word heading and a button to the transparency page underneath this information.

**Join the Movement:**

1. Clicking on “Join the movement” or wherever we are asked to become a part of CCI in any manner should open the joining form instead of the contact us.

**Contact Us:**

1. Create a separate “Contact Us” page in the footer section under “Explore” and also redirect using the other buttons like “Start a conversation” and similar.
2. Add the fields for city name and institution/company name. Institution/company field will be visible for all except “Volunteer”.

**Domain and Emails:**

1. Correct the domain: It is https://consciouscine.org/ not “cinema”.
2. Create a separate email for Media and General.
